

CONSTRUCTION NOTIFICATION

Update on Water Authority Relocation of Water Lines Ahead Of Construction of Rio Grande Candelaria Roundabout As of March 31, 2019

NOTE: All construction is weather permitting and is subject to change without notice.

CONTACTS for questions and concerns:

Patti Watson, 505-245-3134 office; 505-269-9691 cell; pattiw@cwastrategic.com

Cristofer Romero, 505-245-3138 office; 505-231-2467 cell; cristoferr@cwastrategic.com

At **approximately 8 a.m.** on **Monday, April 1, 2019**, crews will have reinstalled traffic signals at the intersection of Rio Grande and Candelaria for the next phase of construction to relocate water lines and remove old water lines at the intersection.

This work is expected to last through early May. Regular construction hours will continue to be **7 a.m-7 p.m. Monday thru Friday**, although crews may work different hours or on Saturdays as needed.

During this phase of construction:

- 1) Northbound Rio Grande will be shifted to the west from south of Artesanos Court to Headingly.
- 2) Southbound Rio Grande will be open.
- 3) Eastbound and westbound Candelaria will be open.

Access will be maintained to all residences and residential streets.

Motorists are encouraged to slow down in the construction zone, obey all construction signage and give themselves extra time to reach their destinations.

We apologize for the inconvenience and appreciate your patience during construction.

Sign up for traffic updates by emailing pattiw@cwastrategic.com or cristoferr@cwastrategic.com and writing "Rio Grande Candelaria" in the subject line.
